

Activating the Supernatural

The gospel without power is not the gospel. Activating the supernatural teaches readers how to activate the gifts of the Holy Spirit already within them and how to cultivate a supernatural lifestyle. After reading this book, readers will have a better understanding of: the prophetic office vs. the prophetic gifts; how to activate the prophetic; prophetic evangelism; activating the gifts of the Holy Spirit; cultivating a supernatural lifestyle; Holy Spirit manifestation and the healing anointing; and flowing in signs and wonders.
