

Fathers Financial Favor

The purpose of this book is to explore the concept of financial freedom, and to demonstrate that anyone can walk in the reality of financial freedom, no matter what socioeconomic situation they find themselves in. But, for there to be change in our financial situation, there must be a change in how we respond to what the Father has laid out for us in His house. It has to be the Father's way or no way, for He is committed to our financial freedom.
