

Again

I want you in every way its possible to want someone. Ill take whatever you can give me. Ill be whatever you want me to be. Ill do whatever it takes, as long as I can have you. Cecilia Braddock is easily the most complex woman ever: affectionate but guarded, gentle but unstable, irresistibly beautiful yet damaged. A traumatic childhood has left her scarred inside and she is physically and emotionally numb, unable to maintain physical contact and unable to feel what other girls take for granted love, passion, desire. The only one who knows her secret and understands, is Harry Carlyle, a devilishly handsome tattoo artist with a millionaire for a father. He was Cecílias high school boyfriend. But when he suddenly left with barely a goodbye, she spirals into the hole Harry has been keeping her out of. Cecilia lost the light in her life, and Harry lost the love of his. What happens when she bumps into him years later? Will this fateful event bring healing or further destruction? And more importantly, is this a chance for Cecilia and Harry to start all over again? Grab a copy of Again to find out more about this romance story full of tragedy, drama and finding the light after years of being in the dark.
