

The Tiburon Trilogy Complete Collection [Box Set 28] (Siren Publishing Classic)

In *Just a Kiss*, Gabrielle is running for her life straight onto the departure platform of an alien ship heading for Tiburon. Upon arrival she finds Keller ailing from unseen wounds. She gives in to his pleas for a single kiss without realizing that on Tiburon a kiss has an entirely different meaning and that she may have just mouth-touched her way into a permanent relationship with the future king. In *Just One Embrace*, Ellie decides to take a chance for once in her life and ends up spending an evening of incredible passion with Crag. Little does she know, Crag is on Earth in self-imposed exile from Tiburon. When fate intervenes what was supposed to be a one-time thing for both of them soon has them navigating intergalactic politics and treachery. Can they find a way to make it work or will they be forced to give up the one thing each of them loves most in the universe? In *Kissed by Fate*, Lizzie, disappointed by the lackluster kisses she's received from every guy she's ever dated, gets quite the shock when she encounters Alex of Tiburon who has fled to Earth after a broken engagement. A single kiss once again changes these lovers' fates but could fate be planning on keeping them apart forever? ** A Siren Erotic Romance
