

Aphrodites Kiss (Time of Your Life)

Back Cover Copy: She could see right through him ... Zoe Smith was far from normal. Crazy as it sounded, on her twenty-fifth birthday she had the chance to become a superhero. But x-ray vision and the ability to fly were only two things to consider. There were other factors, too. There was her newfound heightened sensitivity. She could hardly eat a chocolate bar without writhing in ecstasy; how was she to give herself the birthday gift shed really set her heart on -- George Taylor? The handsome P.I.'s dark exterior hid a truly sweet center, and Zoe felt certain that his mere touch would send her spiraling into oblivion. But the man was looking for an average Jane -- no matter what he claimed. He could never love a superhero-to-be, especially one with an overprotective stallion of a brother and a creepy cousin who seemed to be lurking in all the wrong places. Could he? Zoe had to know. With her super powers, Zoe could only see through his clothing -- to strip bare the workings of his heart, shed have to rely on something a little more potent.
