

Aquilla, Indian Captive

Young Adult book but loved by all ages: Aquilla Lloyd is a bright, spunky 15 year old girl living in Bath Town, North Carolina in 1711. Her happy family life is torn apart when local Indians raid the towns. Aquilla is captured and this is her story of survival, hardships, friendships and more. She meets other captive women and children along the way, but all the time wondering about her own family: are they still alive? What has happened to her home town? Throw in the mix a very handsome white man who speaks French yet converses and lives among the Indians and things get very complicated for Aquilla. Come along for the ride as Aquilla fights for her life in a savage time.
