

## Bachelor CEO (Mills & Boon Love Inspired) (Men Made in America, Book 57)

Chase McDaniel had it all planned out. He'd work his way up in the family business and eventually become CEO. Except the heir to McDaniel Manufacturing just got a rude awakening. His soon-to-retire grandfather is ordering him to take a year off and find out what he really wants. Chase knows what he doesn't want: gorgeous, talented Miranda Craig taking his job! Being handpicked to run a company is the dream of a lifetime. And Miranda has no intention of stepping aside even if Chase is the sexiest man she's ever met. But their strictly business arrangement may be in danger of turning into something more. Especially if a certain matchmaking relative has his way
