

## Never Before (American Beauties Trilogy)

Award-winning author Jo-Ann Power achieved shining brilliance (Kathe Robin, Romantic Times) in *The Nightingales Song*. Now, in the grand tradition of Edith Wharton, she masterfully evokes the Victorian era in a series featuring the young American heiresses who take Europe by storm...the *American Beauties*. Ann Brighton is determined to be more than the debutante daughter of a brash American millionaire. Foiled in a bid for her independence -- and jilted by her fiance -- she reluctantly accepts her fathers offer: a stipend to buy the horse farm she covets if she accompanies him on a grand tour of Europe. Skip Brighton hopes to unravel some suspicious business dealings and match his daughter with any eligible British nobleman. Ann intends to cling to her freedom -- until a stranger asks for her trust in more ways than one.... Rhys Kendall, the sixteenth duke of Carlton, is nearly bankrupt -- for which he blames Skip Brighton. But now he wants Ann as his lover and his wife; together, Rhys and Ann must conquer their bitter pasts amid the colorful whirl of Londons drawing rooms and ballrooms, where they encounter gossip, greed and murder. To win a love like never before, Rhys must persuade Ann to surrender her hand and her heart for safekeeping -- and to follow the spirit of an unexpected passion.
