

Choosing Carter

Bryn McKay has always tried to save her brother from his risky choices, but a near-tragic truck accident landed him in prison and her in the hospital. Now, a year later, he's converted to radical Islam and escaped, vowing revenge on the people who put him there, including his sister. To clear her mind, Bryn goes on a rafting trip with her best friend, naturalist and outdoor guide Carter Danielson - and she wouldn't mind if things turned romantic. Unfortunately, Carter is a recovering alcoholic who shies away from commitment. That is, until the two of them stumble across her brother and must flee for their lives. Will Carter figure out where his heart lies, or will Bryn face her biggest fear: watching someone she loves die? Sensuality Level: Behind Closed Doors
