

## Darinel Dragonhunter (The Reluctant Dragonhunter Series Book 1)

Prince Darinel is traveling for what feels like forever. Expelled from his father's kingdom, he just wants to find a new home. When a shadow lures him to a wealthy kingdom, he stays to discover more about the darkness, but the citizens are tight-lipped. Their king welcomes the foreign Prince hoping that he will solve his two problems: the dragon and his strong-willed daughter. Coming from a warrior kingdom, Darinel despises violence, but charmed by Princess Tuskjas dare, he sets out to confront the beast. Instead of finding a fierce dragon, he finds a friend. The dragon's malicious humor and his love of fairy tales entangle Darinel in a summer of adventures, while danger stirs in the East, the Dark Prince. Being refused by the Princess and humiliated by the dragon, this proud prince seeks revenge. In compliance with the king's decree, Darinel is torn between his friendship with the dragon and his love for Princess Tuskja, whom he can only marry if he kills his friend. Before he can make a decision, the kingdom is under attack. Now it is up to the dragon to either help his friend or respect his wish to not interfere.
