

## How to Tame a Modern Rogue

Commitment-phobic Sam Carson has only dated model-gorgeous women. But one stolen kiss from a plain-Jane schoolteacher and hes hell-bent on stripping away her floral dresses and teaching her the art of being bad. If only her good-girl ways didnt make him want to be a better man...Ally Giordano is at the end of her rope. Her beloved grandmother actually believes that shes living in her favorite romance novel in Regency England and Ally doesnt have the heart to set her straight. But now Granny Donnys last wish is for a retreat to the country and Ally cant refuse her...until she demands that Sam accompany them. And though his smiles turn her knees into jelly, Ally knows better than to trust a playboy...and she definitely knows better than to try to change one. Or does she?
