

Dear Mr. Right (Silhouette Yours Truly)

It was a single girls worst nightmare. It was bad enough when Amys old high school nemesis, Joe Malone, showed up at the newspaper and horned in on her job. Her boss seemed to think Amys advice column needed a male point of view but really! Joe Malone giving the world dating advice? Now her boss wanted her to go out with Joe for research purposes, of course. She was sure things couldnt get any worse. And then she saw the billboard.
