

Food for Thought

As a co-founder of the Seventh-day Adventist Church in 1863, Ellen G. White and her prophetic ministry served to guide and inspire millions of followers throughout the world. In this book, editor Robert Cohen presents Ellen G. Whites most insightful thoughts on all aspects of life, from building strong character and recognizing the importance of family ties to dealing with disappointments and respecting the rights of animals. Here, then, are over 400 inspiring quotations from the writings of Ellen G. White that provide practical and moral guidance, as well as inspirational insights. Paired with each of Whites thoughts are the voices of such noteworthy individuals as William Shakespeare, Florence Nightingale, Mother Teresa, and Oprah Winfrey, who provide further food for thought. To help you find the most relevant passages, Ms. Whites quotations are arranged topically and alphabetically, making this book as wonderfully easy to use as it is illuminating.
