

Dark Moon: Book One of the Hells Gate Series

She had teeth and he wouldn't put it past her to bite, so he released her, but only far enough, allowing himself to whisper in her ear. Hello, little witch. With the kidnap of their latest sacrifice, the Fae have crossed the line. Selene, and her coven sisters, are determined to retrieve the girl before the devil claims her. But the Fae are just as desperate, for she holds the key to their success in entering the underworld. It's a race against time before the next Samhain, and both sides are determined to win. With the battle lines drawn, only fools would dare cross. Fools and Fae.
