[PolyAmour: Erotic Contemporary Multiple Partners Romance, M/M/F, Romantic Suspense] After a bad divorce, being on her own is exactly the life Carol Bell wants. She is careful to form no permanent relationships as she travels from place to place. Shes a sketch artist for several fashion magazines and cosmetic firms. Her love life is active. She likes sex, content to let that be all that comes from her affairs. Until the day two hunky electricians arrive at her apartment to repair her air conditioner. Her apartment is warm, but she soon finds herself in a high voltage situation with Baron and Sham, professional bounty hunters posing as handy men. Her life changes instantly from solo to a trio. \*\* A Siren Erotic Romance
