

Insight Into Ethiopia

This book designed to give knowledge is written about Ethiopia, a nation with long time history known as a country of script and museum of history. For many intellectuals history of Ethiopia has become relevant to / cliché or unique in African history. Materials covered in this book include transference of Ethiopian heritage to young generation, Shebas and Arks history, Amharic language and alphabet, information for tourists, and prayer for Ethio-econo-socio-political development. Since faith has power, life for a Christian is easy because God says in Luke 11:9-10: Ask and it shall be given to you. In the same token if Ethiopians pray according to John 15:16 and John 16:23-24 in the name of Jesus, to believe in the Cross and to unify the country nothing will prevent to transform their lives and to get answer for their prayer. I, Molla born and raised in Ethiopia/Wollo/ Woldia having a Bachelors degree in history like to make research in my spare time. Whenever; I write I produce original works. I have submitted my writings in 1990, 1991 and 1994 to Institute of Ethiopian Studies, major research institute of Ethiopia. In those days my writings were about mighty conquerors. After I came to America I accepted Jesus as my personal Savior in 1995. Ever since I accepted Jesus, hungry for the Word of God, I jump for the glory of the Lord whenever; worship starts. As a result miracles in my life continue to flow. Now I am a nurse. Before six years prophesy came to me through Pastor Seifu Kebede (Divine Mission Ministry) that I would be author of books. These days I start to write books to show the greatness of God and the weakness of man.
