

# Jesus and the Gods of the New Age: Communicating Christ in Today's Spiritual Supermarket

Today many people are searching for spiritual meaning but for the most part they are not conducting their search anywhere near a church. It is more likely that they are delving into things like alchemy, paganism, gnosticism, tarot, and yoga. In this book, the authors offer help to Christians who want to relate to today's searchers in ways that are meaningful and effective. From their own wide experience of evangelism with New Agers, they share stories of their encounters and give pointers, rooted in the Bible, to the way forward for the Church.
