

## Quick Reference Journal: Adult Version

Quick Reference Journal was designed as both a personal organizer and a spiritual journal. Its primary purpose is to create a system for you to craft your own personal reference tool for enhancing the effectiveness of your spiritual journey. You, the reader, are encouraged to study the Bible and to annotate individual references to support your convictions and understanding of the Gospel. Other features have been integrated into this design to further its daily use, including a section for journaling, prayer requests, financial records, addresses, and more. Quick Reference Journal offers a tool for integrating scriptural study and evangelizing into the fabric of your daily life. You do not have to memorize the Bible. All you have to do is read it, find what you are looking for, and annotate it in your Quick Reference Journal; then the next time you are looking for it, you do not have to rely on memory. Just go to your Quick Reference Journal and your annotations will tell you exactly where to go to find the information you are looking for.
