

Shes So Over Him

What not to do with your ex Maddie Shaw has spent the past ten years not thinking about her fast-and-furious fling with Cale Grant. His dark blue eyes, his hot-chocolate voice, his magic touch No, she doesnt remember anything like that. Only the numbing devastation when he let her down and she walked away. Now Cales sauntered back into Maddies lifedinking in the same bars, working on the same projects and setting off the same fireworks inside her. Its Maddies chance to prove just how over her ex she really is but one steamy kiss later shes fallen at the first hurdle!
