

Slades Secret Son (Mills & Boon Silhouette)

Memories flooded Slade Logan at first glimpse of Lisa Gray. More than two years ago she shared his bed, but deeply guarded guilt had made it impossible for him to share his life. So Lisa left though not alone. She took with her a precious part of him and bore their baby. A brush with tragedy told Lisa that her child needed his father even if Slade could never need her. And when Slade demanded they marry, she knew it was for their sons benefit. But something in her husband's rough-hewn features changed when he looked at her and their little boy. Could Slade make room in his haunted heart for two?
