

Spiderwort and the Princess of Haiku (The Fairy Chronicles)

Illustrations By: Tara Larsen Chang
Inside you is the power to do anything
The Princess of Haiku, keeper of simple pleasures, has been kidnapped by her archenemies the Specter of Pandemonium and the Phantom of Excess, who currently inhabit two Ogre sisters, Plethora and Chaotica Glut. Simple pleasures everywhere are in danger. Guided only by a strange riddle given to them by an oak tree, Spiderwort, along with Rosemary, Periwinkle and Cinnabar, have only a little while to find the Princess and get her to safety. As always the fairies will have a little magical assistance this time from a well-meaning Scarecrow and the already ghostly Minstrel of Epic Poems. A world without simple pleasures would be unbearable and it has already started with the children of the world. If it should leave the adults as well, it might very well be gone for good. Luckily for everyone, fairies are the best problem solvers around and Spiderwort is one of the fastest thinking of them all! What if you discovered you had magical fairy powers? Meet the girls of The Fairy Chronicles, otherwise normal girls like you who are blessed by Mother Nature with special gifts. Their extraordinary adventures will change the world!
