

The Nora Notebooks, Book 3: The Trouble with Friends

The final book in the Nora Notebooks series finds Nora trying to navigate the unscientific matter of making friends with someone you have nothing in common with. Nora Alpers, fourth-grade scientist, likes things to be just so. Her ant farm, her hobbies, her friends. So when Coach Joe, her teacher, informs the class that all the students have to try something new and write a report about it, Nora is not pleased. She is even less pleased when her classmate Emma seems to decide that befriending Nora will be her new thing. Does Emma really want to be friends or is this just an assignment for school? Nora, meanwhile, has to figure out her own new thing. Will she discover that she has interests outside of science or will all her efforts end up being nothing but trouble?

Praise for the Nora Notebooks series: Will resonate with children who have a passion for something out of the ordinary. Publishers Weekly, starred Readers will be drawn into the story by the sincere and realistic characters Mills has created, as well as the pleasing and appealing illustrations found in every chapter. School Library Journal Middle-grade readers will hope for more Nora Notebooks soon. Kirkus Reviews
