

## The Road to Midnight

His face was so badly burnt that he wanted to die. Hell must feel like this. He walked through the back streets of New Orleans; he did not want people to see the hideous creature he had become. Pride was something he had in vast amounts. Gone was his precious Casino as well as his handsome face. In one horrifying moment, everything he loved was gone. When he wrote his last Will, he expected to be dead and not in need of material possessions, but fate dealt him a lousy hand. His nephew, Michael Edwards, was now the new owner of The House of Jaded Moon. If Michael accepted his Uncle Ernie's Will, it would be against the wishes of everyone he loved. Once again, Ernie has risen from the dead, to wreak havoc on those who knew him.
