

## Traitors Kiss

Newly arrived in Devon, England, American Nara Winfield is furious when her secret love, Dan, turns out to be Rolfe Daniels, the person who will inherit Winfield Hall after her father dies. She'll never forgive the dashing man for his masquerade--though his kisses are hard to forget. But is there a more direct heir to the estate than Rolfe? That possibility arrives by way of a man from Singapore. Her father immediately sets sail to find and claim his son by his first wife--who died in Singapore long ago, with their son supposedly dying with her. Because her mother, not over her illness from their long voyage to England, refuses to get on a ship ever again, Nara leaves with her father instead, and is shocked to find Rolfe aboard. After her father dies mysteriously on the ship, Nara, alone in Singapore, plunges into immediate deceit and danger. Can she trust anyone? Certainly not Rolfe! But then why does she long for more of his kisses?
