

Twelve Good Years - A Retired Chefs (mis)Adventures in Mexico

Imagine you are trapped in an office seemingly stuck in a rat race and caught up in a futile effort to make more money just to pay more bills. After comparing the smog filled image outside your office window, you wonder what it would be like to chuck it all and live a simpler, low-stressed life. This book captures that sense of desire to escape as Stephen Anthony spins a colorful story about a retired widower who chooses to live out his days in down in tropical, sunny Mexico. Once there, his life becomes filled with adventure and takes on new meaning as he meets a cast of colorful characters that call paradise home.
