

# The Fun House Mystery Adventure (The Andrew Teen Chronicles) (Volume 1)

It has been just over a year since Andrew (12), his cousin Lauren (10), and his little brother Tyler (6) defeated the villainous pirate Jack Frost in the strange game worlds of the brilliant, but enigmatic Professor Adams. The trio had said a bittersweet farewell to their friends Red Eye the pirate, Squawky the parrot, and Batty the squirrel who resided in the realm of Pirate Cove and bid goodbye to their friends Alistair and Craig who returned back home to Scotland. Now however the trio of kid adventurers face their greatest challenge yet! Journeying to a local store hoping to win Professor Adams newest gaming portal, they find it ransacked and the Professor missing, a strange blinding light behind a curtain in the room. Stepping through it, they find themselves once more drawn into the bizarre and remarkable game worlds the Professor has designed.
